

Download Apple Ipad Start Up Guide

Tap "Get Started" to begin using your device. Make a safe copy of your data by backing up, and learn about more features in the user guide for your iPhone, iPad, or iPod touch. If you're new to iPhone, learn more about getting started and using your iPhone. Here's how to set up your iPad for the first time. Press and hold the power button to turn on the iPad. It's on top of the device, opposite the Home button. The first screen you see will say, "Hello." Other websites show all the great things you can do with your iPad, not HOW to do it. Our video guide will teach you how to do all these things and more with complete ease. Start Learning Now You can follow along while watching the guide and learn how to use your iPad in 30 minutes. Apple has made it super easy to get up and running from the moment you peel off your new iPad's plastic screen protector. Turn the tablet on and it will prompt you to begin setup. Let's continue.
