

Download Current Diagnosis Treatment Of Pain Lange Current Series

Hyperhidrosis is a condition that involves excessive sweating. It may affect the whole body or just specific areas. Although it might be embarrassing, it is not dangerous. There is a variety of ...Cornelia de Lange syndrome (CdLS) is an archetypical genetic syndrome that is characterized by intellectual disability, well-defined facial features, upper limb anomalies and atypical growth ...Brugada syndrome (BrS) is a genetic disorder in which the electrical activity within the heart is abnormal. It increases the risk of abnormal heart rhythms and sudden cardiac death. Those affected may have episodes of passing out. The abnormal heart rhythms seen in those with Brugada syndrome often occur at rest. Another common feature of adult ADHD is excessive mind wandering, also referred to as mental restlessness [, ,]. In DSM-5 mind wandering is briefly mentioned as the occurrence of unrelated thoughts. Although mind wandering is a universal experience, some forms of mind wandering are detrimental because they interfere with task performance.
