Touch Feel

The tractor is powered by a John Deere iTorque™ power system, a combination of engine features and an exclusive hood design that provides superior lugging ability, even cooling, and durability. The V-twin, liquid-cooled John Deere iTorque power system with electronic fuel injection (EFI) provides exceptional performance and has the durability to handle commercial-use applications. The John Deere LX279 lawnmower is the upgraded version of the John Deere LX277 lawnmower, although, it's not quite as big as the John Deere LX288. The JD LX279 enjoyed a production run that lasted 4 years from 1999 when it first started rolling off the production line in Horicon, Wisconsin until manufacture of this model ceased in 2003.
