

Download Rational And Irrational Numbers Performance Tasks

Rational Numbers Performance Task I love using this one-page project with my students when reviewing rational numbers, operations, and visual representations! Real Numbers Math Numbers Real Number System Natural Number Irrational Numbers Junior High Math Math Lab Integers Math Boards This lesson unit is intended to help you assess how well students reason about the properties of rational and irrational numbers. In particular, it aims to help you identify and assist students who have difficulty: Finding irrational and rational numbers to exemplify general... This lesson unit is intended to help you assess how well students reason about the properties of rational and irrational numbers. In particular, it aims to help you identify and assist students who have difficulty: Finding irrational and rational numbers to exemplify general... Task: Rational or Irrational Reasoning? ESSENTIAL QUESTIONS What is the difference between rational and irrational numbers? How do you locate the approximate location on a number line and estimate the value of irrational numbers? KEY STANDARDS Work with radicals and integer exponents.
