

Download Taiwanese Math Olympiad

Gender of some contestants is not known. Please send relevant information to the webmaster: webmaster@imo-official.org. Barycentric Coordinates in Olympiad Geometry One of my most famous handouts. Introduces from scratch the method of barycentric coordinates. A cleaned-up version of it is found in the draft of my geometry textbook. Bashing Geometry with Complex Numbers English translation of my original notes in Chinese. History and System. A math competition season in Taiwan consists of the winter camp (held in January), Asian-Pacific MO (in March), and the Taiwanese MO (in April or May). The Taiwanese MO was established in 1992, and serves also as a final selection test for the IMO team. Students who take part on it are those who performed well on the previous two contests. Taipei, July 13 (CNA) Taiwan grabbed 3 golds, 1 silver and 2 bronzes at the 59th International Mathematical Olympiad (IMO), ranking sixth among the 107 countries that took part in the competition,...
