Borrow eBooks, audiobooks, and videos from thousands of public libraries worldwide. Sir Robert Hutchison, 1st Baronet, FRCP was a Scottish physician and paediatrician, who is well known as the original editor of the medical books, "Clinical Methods" and "Food and the Principles of Dietetics". He was a consultant paediatrician at the Hospital for Sick Children, Great Ormond Street, London and general physician at the Royal London Hospital. He served as president of the Royal Society of Medicine and the Royal College of Physicians and was created 1st Baronet Hutchison, of Thurlle. This is a book that every medical student should be made to read and digest before he is allowed to qualify, and every practising doctor at intervals of not less than five years, as an antidote to the flood of proprietary medical literature with which he is daily inundated. At twice its price, the book would be a bargain. L. E. N.
